Sound & Camera Upgrade Packages

CONFERENCE & AWARD SOUND UPGRADE – £1,300

- 4 x wireless microphones
- 2 x wireless lectern microphones
- 1 x lectern
- Sound technician for 10-hour shift

DJ PACKAGE – £650

- 2 x CDJ2000
- 1 x DJM900
- 1 x Powered monitor
- No technician provided
- Not including DJ

Band Packages quoted on request

SINGLE CAMERA UPGRADE – £700

- Single remotely operated hot head camera
- No operator included

Must be purchased in conjunction with a video package

DUAL CAMERA UPGRADE – £1,900

- Two remotely operated hot head cameras
- Camera operator for 10-hour shift

Manually operated cameras available on request

All camera packages must be booked with a video package to display on screens.

Award & Conference Package – £2,750

All sound, video and lighting packages have the required labour and pre-production for a traditional dinner, drinks reception or celebration with a single speech. Awards shows, conferences and product launches will require additional pre-production and onsite support.

We have created a package to include all of the support you will need for these events

This consists of:

- Dedicated project manager
- Show caller
- Graphics operator
- Sound operator
- Project management ahead of your event

This is in addition to the technicians that come as part of the packages (sound tech, lighting tech, video tech).

Please note that this is our recommendation for a typical event of this type. Please contact Encore for more advice for larger or more complex events..

AUTOCUE

Autocue to a single or double lectern can be provided. Please contact us for pricing

- Show caller
- Graphics operator
- Sound operator
- Project management ahead of your event

This is in addition to the technicians that come as part of the packages (sound tech, lighting tech, video tech).

Setup, Rehearsal & Derig Times

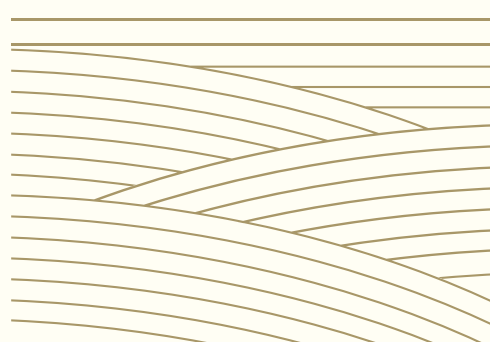

Within the packages, we provide technical support for a 10-hour period. Any overtime outside of 10 hours will be chargeable, including setup and rehearsal times.

We will require at least 2 hours before the event start/rehearsal times to ensure that everything is

setup and ready to go. Please ensure that this is factored into shift times for our team.

The packages are based on utilising equipment already installed/stored on Oceandiva London. If additional equipment is required over and above the packages, then additional transport and labour time will be charged as required.

Exhibitor Power

All exhibition power is chargeable and must be booked through Encore. There are 16A supplies available throughout the main spaces of the ship, with larger power available upon request. Please note that there are no 13A sockets available for exhibition power anywhere on the ship.

Please speak to a member of the team for pricing.

Encore's Creative Production Team
